MISS FELTI RABBIT - FELT PLUSHIE

BODY TILE A - upper section. Join to Tile B using both matching guide lines.

ASSEMBLE THE PAPER TEMPLATE FIRST

The complete body is 11 inches (27.94 cm) from base to ear tips.

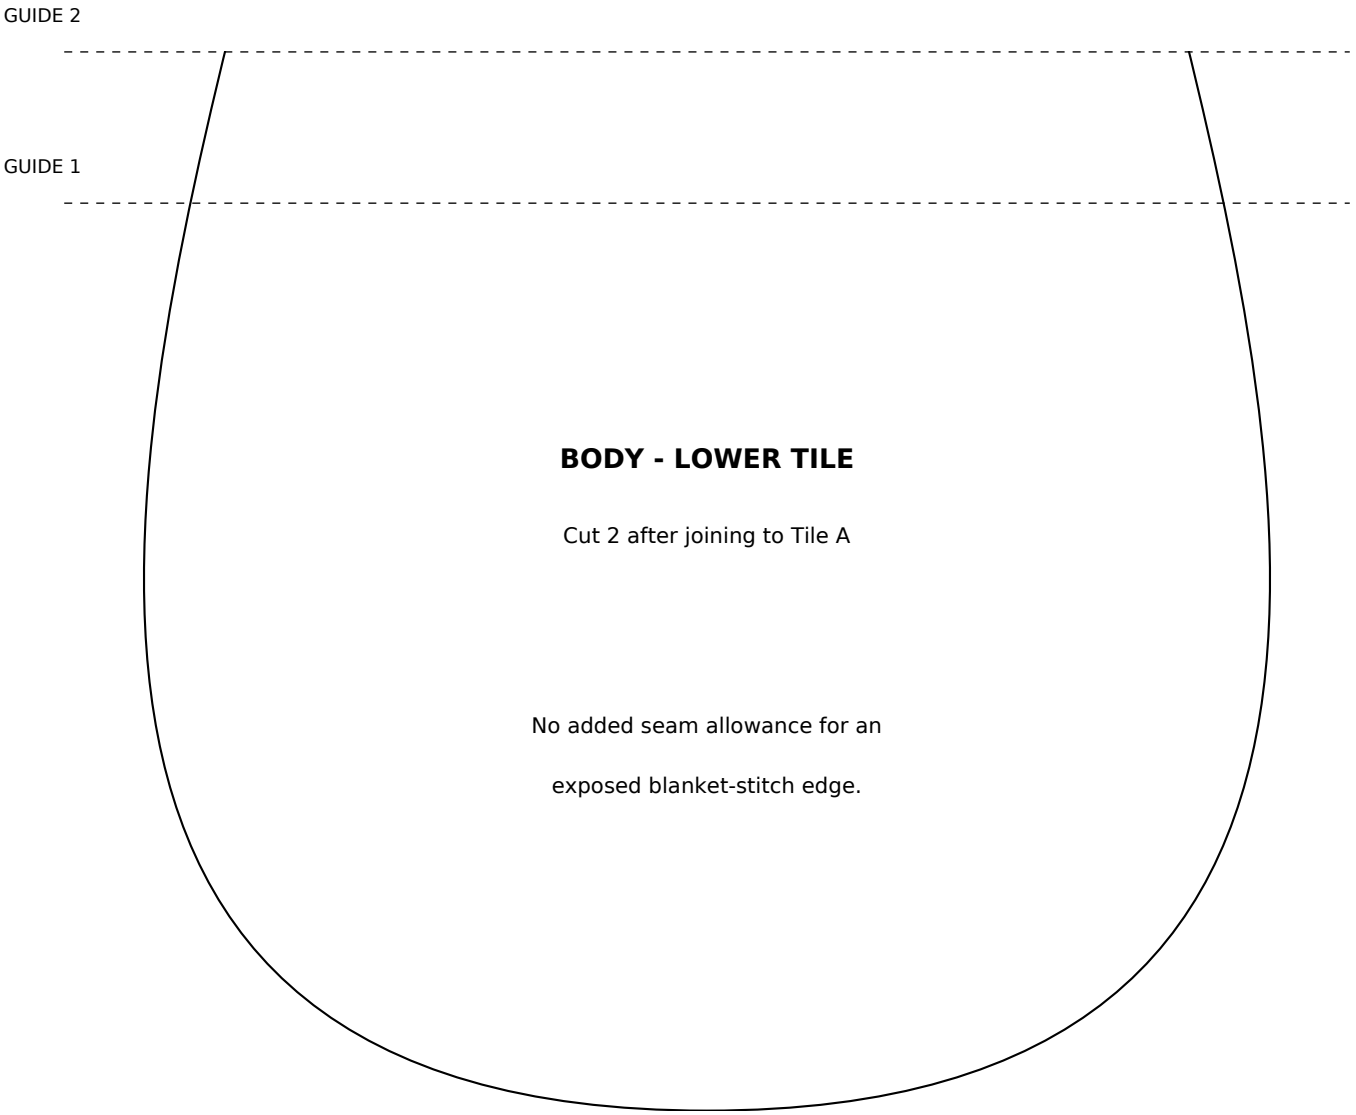

Trim A below Guide 1 and B above Guide 2; overlap the printed 2 cm bands.

Match both guide pairs and the body edges, then tape the sheets together.

Cut 2 complete body pieces in your chosen felt. Do not cut along joining guides.

MISS FELTI RABBIT - FELT PLUSHIE

BODY TILE B - lower section. Dashed lines are paper-joining guides, not cutting lines.

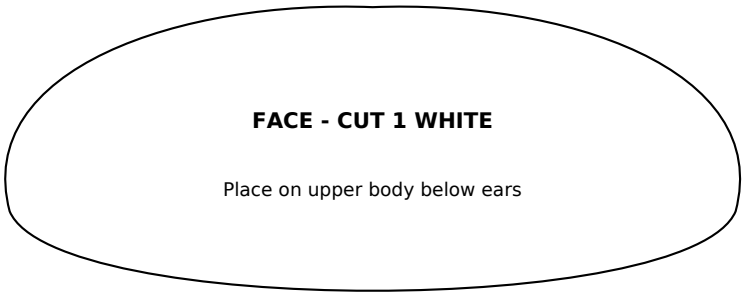

Decorate one body while flat: inner ears, face, teeth and belly ribbon.

Then stitch both bodies together, leaving a gap between the ears for stuffing.

Stuff lightly and close the gap. Use small tufts in the ear tips.
