HALLOWEEN FELT MONSTER MASK

A4 cutting templates | Paper fit-check required before cutting felt

Print at 100% / Actual Size. Turn off Fit to Page.

Small crosses mark suggested ribbon attachment positions.

Align straight top edges and stitch hair onto the front of the mask.

5 cm x 5 cm

PRINT CHECK

FINISHING & FIT

Add stitched scar details with black thread.

Cut 2 ribbon ties, about 38 cm each; adjust to fit.

Sew ties securely at the sides. No seam allowance.

Test paper eye spacing and nose clearance first.

Enlarge or reposition eye openings if necessary.

The finished mask must allow clear vision.

One starting size, not a universal fit. Adult help is needed for cutting, sewing and fitting.

CraftBits.com | Remove the mask if it slips or restricts vision. Not for sleeping or climbing.
